SUP AC1

- The diagram consists of two overlapping rounded rectangles. The top rectangle is orange and contains the word "Class". The bottom rectangle is purple and contains the word "Inscript". The rectangles overlap in the center.

SUB-ACTS

-  Classé
 -  Inscrit
 -  SUIP AC3 sur toute la commune

SUB 13

- Canalisation
 - Limite zone de dangers très graves (ELS)
 - Limite zone de dangers graves (PEL)
 - Limite zone de dangers significatifs (IRE)

30

- The logo for SUP Int1 consists of two parts. On the left is a graphic element resembling a 4x4 grid with some squares filled black and others white, containing small black 't' shapes. To its right is a stylized black silhouette of a mountain range with a winding path or river leading towards the peaks.

A rectangle divided into four quadrants by diagonal lines.

- A geological cross-section diagram illustrating a faulted structure. The diagram shows a series of rock units stacked vertically, separated by dashed lines. A prominent purple line, representing a fault, cuts through the units. The units are color-coded: a yellow band at the top, followed by a red band, then grey and white units. A thick orange line marks the base of the structure. To the left, there is a legend consisting of a brown square with diagonal white stripes.
